# ABOUT VIVA

VIVA started in 2003 as a trailblazer in the Aluminum Composite Panel industry in Mumbai, Maharashtra, and is now one of the largest ACP manufacturers in the country. VIVA was among the first Indian enterprises to introduce ACP sheets. We are currently operating 22 warehouses across India's major cities as well as a dealer and distribution network of over 500 people. Over the years VIVA has served many big companies – national and international alike – owing to our pan - India presence & long-lasting relationships with customers.

We provide high-quality Aluminum Composite Panels which are Fire Retardant, Anti Bacterial, Self Cleaning and Anti Scratch, we also provide RainScreen Systems, all of which come in an array of styles with unique features and aesthetic appeal. We have 300+ shades of ACP sheets and can also be customized as per the requirements. Apart from this we also manufacture Zinc Composite Panels and Honeycomb Panels.

Our largest manufacturing facility is at Umbergaon, Gujarat, with over 7 production lines, two coil coating lines, and a production capacity of 7 million sq. mt. per year and 2.5 lakh sq. ft. per day. Our production facilities are equipped with world-class machinery and cutting-edge technology, allowing us to produce high-quality products and provide exceptional service to customers all over the world.

# ABOUT LOUVERS

With 2 decades of illustrious consistency, ingenuity and quality behind us, we know what it takes to deliver the product your project needs. If you're looking to make an architectural statement that stands the test of time then we are here for you. Whether you are an architect, builder and industry professional, Extensive design range and unceasing product development ensure all your requirements are met.

Our use of the finest raw materials, top-notch manufacturing standards and state of the art technology is just a small part of our commitment to excellence, and makes us one of India's leading Aluminum Composite Panel (ACP) manufacturers. Our new range of interior and exterior louvers are designed to provide atypical building cladding solutions for architects, design firms and developers; everything we do on the ACP side of the business keeps us fully committed to creating premium buildings with a breath-taking appearance that sets each one apart from the ordinary.

Our Louvers have been designed to be nothing short of exquisite, for those who want to be surrounded by architectural elegance. Made to fit your taste, this range is the perfect way to add a personal touch and sprinkle of sophistication to your home or office.
