# About **Viva**

- **2 Decades of Expertise in ACP**
- **7 Million m<sup>2</sup> production capacity**
- **500+ Customer Service Touchpoints**
- **6 State-of-Art Production Lines**
- **Custom Colored Shades**

TUV. SUD : ISO 9001:2015,  
ISO 14001:2015 and CE certified

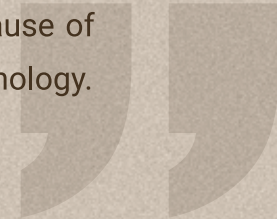

**Viva is one of the largest Indian manufacturers of Aluminum Composite Panels and its accessories.**

Located at Umbergaon in Gujarat, it boasts state-of-the-art Korean technology, with 6 production lines. It has a production capacity of 7 million m<sup>2</sup> per annum. The production facility is equipped with safety measures of six sigma and solar power generators for uninterrupted production.

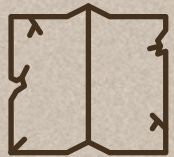

# About Metal Abstract Panels

The “**Metal Abstract Series**” is created to meet the fast pace changing needs of modern architecture. It is known for features like rough finishes and tolerance to weather.

These panels come with 15 years of warranty because of its PVDF coating and advanced manufacturing technology.

# Advantages of **Metal Abstract Panels**

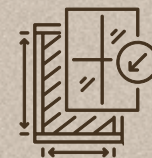

Rugged finish

15 years  
warranty

Durable

Easy to install  
and maintain

# Rust **Metal**

Rust Metal ACP is popular among architects and used in a variety of exterior application works to give buildings a rustic antique appearance.

Rust metal is a group of steel alloys which were developed to eliminate the need for painting, and form a stable rust-like appearance after several years exposure to weather. The natural rust metal is hard to install, goes heterogeneous coloring due to atmospheric conditions and is prone to oxidation stains.

To solve this problem and fulfill the client's requirements, Viva has researched and developed pre-painted ACPs with Metal Rust Finish. These are durable, fire resistant, lightweight, and cost effective alternatives to natural metal rust with long life.

# Advantages of **Rust Metal**

The patina effect offers a unique aesthetics

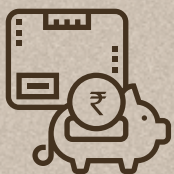

Excellent resistance to atmospheric corrosion

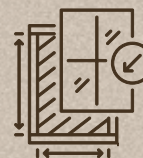

Easily bendable without compromising its hardness

Available in lighter weight 3.9kg/m<sup>2</sup> with 3mm ACPs

Cost effective and warranted product

Easy installation and hassle free maintenance

NFPA 285-2019  
EN 13501-1:2018  
ASTM D1929-16

Practice the new age **fire safety**  
with **VIVA FR ACPs**

Certification by Thomas Bell-Wright International Consultant
